Hello!

Thank You for being a Judge for the Spring 2024 Georgia Tech Capstone Design Expo! We hope you enjoyed interacting with the teams at the expo. The Capstone Design Expo witnessed participation from more than **580** students from **107** teams representing seven schools and three colleges. Determining the final winners would not have been possible without your time, expertise, and effort. We greatly appreciate your kind support! If you haven't checked yet, the expo **article** with info on winners is available [here](#), and the **photos** from the Expo are posted [here](#).

Numerous companies and organizations provided exciting and innovative design challenges to the Capstone Design Program. These companies challenged student teams to solve a real market need, increase productivity, or save lives. Sponsor companies are crucial for the program's success, and we thank them for working with our students and providing them with real-world working opportunities. If you would like to be a **project sponsor** for future semesters, please reply to this email.

As we start planning for the next expo, we want to learn from you how to improve next time. Please let us know if you have any **feedback**, comments, criticisms, or suggestions—all are welcome!

You are also invited to help shape the Future of Engineering Education. Please take this **5-minute survey** to share your thoughts on graduate preparedness and recommendations for improvement:
https://gatech.co1.qualtrics.com/jfe/form/SV_3VEiBYzD81WdHdc

We look forward to having you again at the next Spring 2025 Expo on **Tuesday, 22nd April 2024**. Please mark your calendars.

Thank You!

Georgia Tech
**Capstone
Design Expo**
